## HEATLESS MONDAY IS USHERED IN WITH COLDEST WEATHER YET

Government Thermometer Registers  
21 Below Sunday Morning,  
Which is Lowest in 34 Years

LOWEST WEEK AGO 20 BELOW

First Heatless Monday Results in  
Business Being at a Stand Still  
All Over County

FEW EXCEPTIONS TO RULE

Only One Car of Coal Arrives And is  
Sold Before Noon—Hope For  
More Fuel Tomorrow

The first heatless Monday was ushered in by the coldest weather in 34 years, which was the record the government weather thermometer showed for early Sunday morning. The mercury went to 21 degrees below zero, which was one degree colder than the temperature a week ago Saturday.

Heatless Monday closing resulted in paralyzing business here today and in every other town in the county, because reports reaching here were that the orders of the national fuel administration were being observed.

Though industries have, been closed with a few exceptions in all states east of the Mississippi since last Friday, no improvement is noted in the fuel situation. The county fuel administrator, S. L. Trabue, is hopeful that coal will move much faster this week and that Rush county will receive enough fuel to meet the demands.

Harry Pea received the only car of coal to sell to consumers reaching here today and it was sold before noon. Dealers were confident, however, that they would receive coal tomorrow sure. A car for the Windsor hotel shipped last Wednesday reached here Saturday and a car shipped the same day for Gings reached there on Friday. This shows that coal is coming through faster than it did, but many cars shipped through the fuel administration many days before these have never reached Rushville. It is believed that they were confiscated enroute.

Every mercantile business in the county was closed today except food handling establishments and drug stores. Banks were also exempted. All business and professional offices were also closed except doctors and dentist. By a liberal interpretation of the Monday closing orders, candy kitchens and soda fountains were allowed to remain open, being regarded as food establishments.

Early Sunday morning the county weather observer's thermometer at Mauzy registered 21 degrees below zero, the lowest mark that has been touched in this locality for 34 years. The temperature of a week ago Saturday when the blizzard first struck the community came the nearest this but according to the records the thermometer in Rush county has not fallen so low since January, 1884. The biting wind and heavy snow that ushered in the blizzard made the temperature seem much lower than that of yesterday when there was practically no wind and a bright sun made the day a very pleasant one.

Fifteen below was the lowest point during the night. This morning at 9 o'clock, the mercury had climbed 24 degrees within a very few hours and registered 9 degrees above zero. By noon, it had risen even higher. The warmest time on Sunday came at about noon when it was 16 degrees above zero, showing that the mercury had climbed 37 degrees within twelve hours time.

Considering the condition of the roads, there was a great deal of travel on them yesterday. With this in view, the rural route men made another attempt to go over their routes today. Some of them succeed-

Despite Closing Orders  
Coal Is Being Moved Only  
With Greatest Difficulty

Washington, Jan. 21.—Despite the order to close down the government is having a hard fight to keep coal moving. At all the northern and southern ports the unloading of vessels is continuing on a 24 hour schedule. It is now believed certain that drastic measures to continue coal movement after the present five days suspension order ends tomorrow will be invoked. Officials state that priority orders now in effect will be continued after tomorrow unless there is a marked rise in temperature through the East, making transportation easier.

ed in getting around although the roads in some places are still almost impassable.

A surprising number of persons "braved the elements" yesterday and attended the church service for the majority of them were very well attended. Most of the churches did not attempt to heat the large auditoriums, but held services in the Sunday school rooms, which were very well filled. A special plea had been made by the ministers for persons to attend church since the services had been very irregular in the past. The Christian Sunday school had the banner attendance, there being 239 present at the morning meeting.

The mail trains are still running late. The postoffice authorities report that they are improving slightly although the trains are all late and the schedules are indefinite. A number of persons from over the county have called at the office for their mail during the last few days and have lightened the load of the rural route carriers.

The weather report today says cloudy and not quite so cold tonight with local snows tomorrow. The prediction for this section, issued from Washington and covering the whole week, says that fair and cold weather will be the rule the whole week.

## CHURCHES TO DECIDE ABOUT THEIR SERVICES

Meeting of Ministers and Three Laymen From Sach Congregation Called For Tonight.

DEFINITE PLANS TO BE MADE

The ministerial association has called a meeting for this evening at 7 o'clock in the sheriff's office at the court house for the ministers of the city, three laymen from each congregation in the city and any other men who are interested may attend. Final arrangement for church services during the cold weather will be made at the meeting. Because each of the churches had fuel and until further definite plans were made, all services were held in the churches yesterday.

The ministers wish to put it up before the lawmen and get a general view before making a final decision as to what is the best thing to do concerning services during the fuel shortage and cold weather. Several suggestions have been made and these will be brought up. The churches will no doubt continue some of their Sunday services, but just what ones will be omitted, if any, will be decided upon at the meeting.

The home of John Lucas north of the city has been released from quarantine after Mrs. Lucas and daughter, Lavonne, have recovered from diphtheria.

Bake Food In Base  
Burners And Also On  
Furnace When Gas Is Low

In view of the fuel conservation movement which is being felt in Rushville more strongly each day, Mrs. Sarah Guffin has discovered another manner of conservation which has proved to be most efficient. Mrs. Guffin stated today that during the past week she has done all her baking in the magazine of the base burner, thus saving the added expense of keeping an extremely hot fire going in the cook stove.

Another woman with an inventive genius, baked escalloped oysters above the furnace not long ago. They were nicely baked and incidentally saved fuel.

## LIEUT. M'GUIRE IS ON HIS WAY TO FRANCE

Leaves Camp Morrison, Va. for Service Abroad, Having Been Commissioned 2 Months Ago

MRS. MCGUIRE RETURNS HERE

Lieut. Will McGuire who enlisted recently in the signal corps of the aviation department is at present on his way across the ocean to the aviation headquarters in France. Lieut. McGuire was commissioned just two months ago and since that time has been in training at Camp Morrison, Newport News, Va. His progress toward action in France has been more rapid than any other Rush county officer and is among the first Rush county men, who have received commissions, to be on the way to the scenes of war.

Mrs. McGuire, who will make her home with her parents Mr. and Mrs. A. T. Mahin during the time her husband is in service, returned this morning from Newport, where she was with her husband until he sailed.

## MRS. WILLIAM DEMOSS DIES AT HENDERSON

Death Sunday Follows Two Weeks' Illness With Heart Disease and Complications.

FUNERAL TUESDAY AT 1 P. M.

Mrs. Martha Jane Demoss, 69, wife of William Demoss of Henderson, died yesterday morning at her home at 11 o'clock following a two weeks' illness caused by heart trouble and a complication of diseases. Mrs. Demoss was a well known woman in her community. She is survived by a husband and five children, Miss Jennie Demoss, Will Demoss, James Demoss, Mrs. Ben Green and Mrs. Ert Dearing, two brothers and one sister.

The funeral services will be conducted at the residence tomorrow afternoon at one o'clock and burial will take place in East Hill cemetery.

## NOT CANDIDATE FOR OFFICE

Will Hays Not Seeking Chairmanship of National Republican Party

(By United Press.) Indianapolis, Ind., Jan. 21—"I am not a candidate for chairmanship of the national republican party."

This statement was made by Will Hays, chairman of the Indiana state republican committee and of the state council of defense regarding the possibility that he might succeed William Willeox as national chairman of the republican party. It is the impression that Hays will be candidate for governor of Indiana at the next election.

## JOHN M'CUGH HELD FOR ROBBING HOME

John McCugh, 22, was arrested on a traction car going from Connersville to Indianapolis yesterday at Palestine by Deputy Sheriff Will Spivey and is being held on a charge of house breaking, being accused, together with his partner who has not been located of taking \$185 from the home of Isaac Gross northeast of Mauzy on Saturday while Mr. and Mrs. Gross had gone to Glenwood. The money had been concealed in a tin can and was on top of the cupboard.

McCugh and his partner had been shucking corn on the McFarlan farm near Mauzy on which Mr. Gross is a tenant. When they first reached the farm, they could not find rooms to sleep in and Mrs. Gross gave them a place for several nights. Later they went to another farm house nearby to board. According to Mrs. Gross, only one person in the locality knew where she had kept the money. This person is not suspected but says he overheard a conversation between the two boys on the farm in which one wished they could leave town and said they would if they had the money. The other lad said, "I know where we can get it."

On Saturday when the farmer with whom the boys were staying started to Glenwood, he offered them a place in his buggy to ride. They refused, saying it was too cold to ride but that they would walk to the traction station and that the farmer could take their grips to the station. The boys started out but one of them came back saying he had left some collar buttons in his room. He was unable to find them apparently, and when the man asked him again to ride on to town with him, he stated that he had decided to go around by stop 32 instead to catch the car, which was quite a distance out of his way.

In going to stop 32, he would go near the Gross place. He had changed his cap to a stocking cap when he returned to the house and although Mrs. Gross saw him approaching her home, she did not recognize him with the different hat on. Shortly afterwards, Mr. and Mrs. Gross left for Glenwood.

On their return, they found the front door broken open. The interior of the home was in no way torn up and this fact makes them believe that someone who knew where the money was had taken it. The tracks in the snow which led from the door around the house were in the direction of stop 32. McCugh has not confessed to the theft. He is being held at the county jail for trial. He came to this city from New Point, his home. He has been placed in class one in the draft.

Frank Brown, an iron molder, was fined \$1 and costs in police court Saturday for public intoxication and paid the fine.

## MEMORY A BLANK IS THEIR DEFENSE

Charles Yeager and George Clark, on Trial For Robbing Carthage Store Say They Were Drunk.

IN JAIL SINCE DEC. 12, 1917

Both Admit \$200 Worth of Merchandise Was Found in Their Room, But Don't Remember Theft.

Charles Yeager, 34, and George Clark, 25, placed on trial today in circuit court for the theft of \$200 worth of merchandise from S. L. Newsom's store in Carthage early Monday morning, December 10, offered as their defense that they remembered nothing about the robbery. They admitted having the goods in their possession, in a trunk in their room, but both testified they drank a quart of whiskey the night before the robbery and that their memory was a blank regarding what they did between 11 p. m. Sunday, Dec. 9 and 5:30 a. m. Monday, Dec. 10.

Both testified to awakening that Monday morning and finding the goods, but did not return when they learned Newsom's store had been robbed. They were not arrested until the following Wednesday evening on their return from a trip to Indianapolis.

Both men have been in jail here since that time. Clark has busied himself in jail painting signs and has showed himself proficient at the art. Both were reported to have admitted their guilt when arrested, but when the time for their trial came they entered pleas of not guilty.

The defendants are represented by Will Newbold and John F. Joyce, and Prosecutor Stevens is prosecuting the case. Mr. Newsom and Jasper Parish, Carthage Marshal, who arrested the men, were witnesses for the state and testified to finding the stolen goods from Newsom's store in the defendants' room.

Yeager, who testified he had a wife and three boys in Massachusetts, went on the witness stand this afternoon at 3 o'clock, Clark having testified before him. It is not probable the arguments will be made before tomorrow morning when the case will likely go to the jury. Yeager was night foreman at the Carthage straw board works and Clark was employed there. Both men came to Carthage Sept. 1, 1917, and went to work at the straw board works.

"This will probably be the last one I will ever make," said Clark, as he gave Sheriff Ezekiel Jones an artistic and elaborate calendar which he had painted for the sheriff the other day. Tears came to his eyes as he made the remark. Clark refused to tell Mr. Jones of his past life before he went to Carthage, but the work on the calendar shows that he is an artist and has had some experience.

"I don't know why we did it," he told the sheriff, "we both were making good money and I had never done anything of the kind before. I guess it was because we were drunk." More than this he will tell no one concerning his former experiences. He has taken quite a liking to the sheriff and not long ago asked him to bring a paint brush and card to him at the jail. The next time the sheriff dropped in, the card had been transformed into an artistic calendar bearing the words, "Sheriff Ezekiel Jones, Rush County 1918."

It was with pride that Mr. Jones accepted the gift and has hung it in his office at the court house. A similar calendar was painted for Will Spivey, deputy sheriff.

Clark has painted several signs. He also made some signs with lead pencil, that are perfect specimens, though he used no rule or anything to guide him.

Jean Gates of Indianapolis visited friends in this city yesterday,

## CLAIMS OF 20 FARMERS ARE DENIED

District Army Board Rules in 56 More Cases Refusing Deferred Classification to This Number

The district army appeal board has denied the claims of twenty more Rush county farmers who asked deferred classification under the selective draft regulations.

The county board today received rulings in fifty-six more Rush county cases from the district board, after having received a report in ninety cases Saturday. Fourteen agricultural claims were denied in the bunch received Saturday, making a total of 34 refused.

Five of the cases on which reports were made were appeals on dependency claims. All were denied and left in class one. But in one instance, that of Allen T. Blackledge, the registrant was put in class three on agriculture, which determines his status.

The Rush county army board was busily engaged again today classifying registrants after having rested Saturday when Voorhees Cavitt was out of the city. Dr. W. S. Coleman, physician member of the board, also was busy today as twenty registrants were given the physical examination. Twenty more are called for physical tests on Wednesday.

In addition to the twenty farmers placed in class one and four registrants who appealed on dependency claims and were put in class one, twenty were given deferred classification in two by the district board. Ten were also put in class three because of their agricultural claims. Two were placed in class four for the same reason.

## ELIZABETH BROOKBANK DIES SUNDAY NIGHT

Widow of James Brookbank Expires at Sister's Home After Illness of 2 Years With Paralysis.

FUNERAL TUESDAY AT 2 P. M.

Mrs. Elizabeth Brookbank, 76, died last night shortly after eight o'clock at the home of her sister, Mrs. J. C. Craige, 318 East Eighth street, after an illness of paralysis, which lasted two years. The deceased was the widow of James Brookbank, a veteran of the Civil war who died a year ago.

One son, Eugene Brookbank, of Cincinnati survives. She is also survived by two sisters, Mrs. J. C. Craige of this city and Mrs. Margaret Catlin of Vincennes.

The funeral services will be conducted tomorrow afternoon at two o'clock at the Craige residence with burial in East Hill cemetery. Rev. Clyde S. Black will have charge of the services.

### Amusements

Four popular screen favorites

have been engaged by Pathe for the production of a new serial which will be released under the title "The Hidden Hand." They are Doris Kenyon, who will be starred in the production, and Arline Pretty, Sheldon Lewis, and Mahlon Hamilton, who will be featured. The picture is to be seen here at the Gem Theatre Wednesday.

This is the first serial in which Miss Kenyon has appeared, but she has made a big screen name for herself in the features in which she has been starred by a number of prominent companies.

The persons who see "The Talisman," at the Princess Theatre tonight have the satisfaction of knowing, when they see pictures of the surf-riders on the beach at Waikiki, that the pictures were actually made at Waikiki. This scene is probably the most interesting in the play to many persons in the average audience. The skillful riders whom we have read of ever since our Fifth Reader days, come to life on the screen and their dips and plunges into the mountainous waves of the Pacific are most thrilling and most satisfying.

A comedy starring Lew Fields and Midge Evans will also be shown at the Princess this evening. The film is, "The Corner Grocery."

J. Warren Kerrigan, the new Paralta star, will make his first appearance in this city at the head of his own company at the Princess Theatre, Wednesday and Thursday in a screen version of Peter B. Kyne's romantic love story, "A Man's Man."

STONE DENOUNCES  
FORMER PRESIDENT

Senator Says Roosevelt is "Most Potent Agent of the Kaiser in The United States"

DEMANDS SAME RULE FOR ALL

(By United Press.)

Washington, Jan. 21.—Senator Stone this afternoon denounced former President Roosevelt in a speech in the upper house of congress. Stone declared Roosevelt was the "most potent agent of the Kaiser in the United States."

Stone demanded that the same rule be applied to Roosevelt's writing and utterances as in the case of a private citizen he named who "repeated in a minor degree" what Roosevelt had written. This man was arrested.

SERVICE AGAIN HELD UP

The patriotic service which was to have been held at the First Presbyterian church last evening when the service flag was to have been presented was postponed again. It was voted to postpone the service at the meeting yesterday morning because a water pipe from the furnace had burst, making it impossible to heat the church comfortably. Further announcement will be made later concerning the presentation of the flag.

WATER PIPES ARE  
CAUSING TROUBLE

Great Amount of Damage Results When Pipes Burst—Furniture in Homes Damaged

PLUMBERS WORK OVERTIME

Most Damage Done Where Pipes in Bath Rooms and Other Upstairs Rooms Burst

Many of Rushville's best homes have been badly damaged during the past week by the bursting of water pipes after they have frozen and begun to thaw. Wall paper has been ruined, plaster damaged, and in some cases hardwood floors have been taken up in order that the plumbers might reach the pipes that had burst. The plumbers have been working "overtime" ever since the blizzard started a week ago Friday but by their best efforts, they have been unable to answer all of the calls that have been made upon them for quick help.

The manager of one plumbing shop in the city where five men are employed stated this morning that they had been able to answer only about one-tenth of the calls that they had received during the last week. All of the plumbers say that they have worked night and day. Conditions are improving some now for a great deal of repairing has been done and with a higher temperature, there is much less danger of the pipes freezing even though fuel and gas is scarce in many of the homes. Until the last day or two, however, plumbers say that conditions have never been anything like they have during the last week.

Most damage, of course, has resulted in the homes where the pipes in the bathrooms or other upstairs rooms have burst. The outpour from the leak floods the upstairs and runs through the floors to the downstairs rooms. The leaks that spring downstairs cause less damage. Many pipe have frozen lately that have not burst when they thawed out.

Although most of the pipes have

Dear Sir:—No one can tell at this time what the situation is going to be in regard to making shipments later on in the season, nor can we tell whether or not we shall be able to get all the material necessary to furnish all of the parts required to take care of your requirements.

In order to protect you and your customers, as well as ourselves, to as great an extent as possible, we should like for you to see that your farmer customers order from you, and you from us, such repairs as may be necessary to put their tools, where they are to be repaired, in first class condition, ready for use; also spares and other parts that will be needed from time to time during the plowing, seeding and cultivating season.

Very truly yours,

### To Stimulate Production

To stimulate greater production of food crops, a patriotic farm census of Indiana is being taken under the direction of the Indiana State Council of Defense.

This is supplementary to the seed corn survey and has more far-reaching significance. Its purpose, in addition to encouraging greater food production, is to inform the federal government of the resources of the state which may be available in war's extremity. Incidentally the needs of the farmer will be ascertained both as to seed and labor and thereby the opportunity for helping him may be created.

Blanks for the census are now in the course of preparation. These, in a measure, resemble the reports of tax assessors. This census, however, should not be confused with a tax assessment nor in any way construed to have any bearing upon fixing taxable values.

The data included will cover acreage in farms and in cultivation; total production for 1918; seed needed and on hand; livestock and its grade; labor and probable requirements.

The food production committee of the State Council of Defense, under whose direct supervision this census will be taken appreciates the magnitude of its task. It will enlist county councils of defense, county agricultural agents and all patriotic citizens in the work. It will cover the entire state and will be very comprehensive.

In connection with the census, the Indiana State Council of Defense urges that it be made clear to all farmers; (1) this census will not increase the taxes of the farmers; (2) it will not decrease prices for farm products, nor have any bearing upon the same; (3) it will in no sense imply confiscation by the government.

### To Eliminate Sunday Work

Indiana grocers and bakers through their state-wide organization will be asked to undertake a program of voluntary co-operation among their members intended to regulate and shorten hours of business and particularly for closing entirely on Sunday.

The proposition will be presented to them through representatives of Dr. Harry E. Barnard, federal food administrator for Indiana, who sees in it a means of economy that will further enable the retailers of food stuff to reduce prices without lessening their margin of profit.

The spirit of willingness to co-operate in the food administration's program as exemplified in the organization meetings already held in the state, has led Dr. Barnard, to believe that the business effected will be prompt to recognize this further opportunity to be of service both to themselves and to the general public.

### Seek German Culture

County Council of Defense have been called upon by the Indiana State Council of Defense to ascertain definitely just what Pro-German propaganda is being distributed through public libraries in the State. This investigation is intended to cover clippings, pamphlets, periodicals, magazines, books or any other printed matter that may have the taint of

## INCREASED RATES ARE GRANTED TO I.&C.

Public Service Commission Allows Interurban Company to Charge 2½ Cents a Mile

IS EFFECTIVE WEDNESDAY

Beginning Wednesday the Indianapolis & Cincinnati Traction company will charge two and a half cents a mile passenger fare. The Public Service Commission granted a temporary increase of a half cent a mile late Saturday, as was predicted would be done in a dispatch from Indianapolis to the Daily Republican Saturday.

The order is temporary and the I. & C. is required to report quarterly on the financial condition of the road. In its petition for an increase the interurban company showed that it faced a big deficit for 1918.

Summary of the findings of the commission shows that there will be a reduction of 5 per cent for round-trip tickets, and the issuance of commutation books containing 2,000 1-cent coupons, which shall sell for \$17.50, and the coupons shall be accepted at face value for passenger fares.

In granting the increase the Public Service Commission issued the statement that under no conditions would the Public Service Commission permit the war to be capitalized by public utilities or permit the utilities to use this decision as a precedent or a cloak under which they would be enabled to secure larger returns than those to which they are justly entitled.

### FAIRVIEW GAME WEDNESDAY

The basket ball game between the Fairview Athletic team and the Em-Roes, state basket ball champions will be staged Wednesday evening in the Fairview gym. The game was to be played two weeks ago but was postponed on account of the illness of one of the players. Ross Smith of Indianapolis, who has refereed most of the local basket ball games or the high school, will referee.

German culture. A general bulletin has been sent to every county council requesting very urgently that prompt action be taken on this matter that may have the insidious poison, the presence of which has not been heretofore suspected, may be removed completely even though drastic action may be necessary to accomplish that end.

Prince Max of Baden says that Germany's sword alone can never bring victory. We don't understand that she is relying on her sword alone. We have been under the impression that hell had furnished her many weapons infinitely more dangerous than the sword.

That the German crown prince at least deserves commendation for the gracefulness with which he takes defeat.

An obsolete song: "Woodman, Spare That Tree."

### DOUBLY PROVEN

Rushville Readers Can no Longer Doubt The Evidence

This Rushville citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Harrison Levi, 931 N. Sexton St., says: "I used to have to get up six or seven times each night on account of the too frequent passages of the kidney secretions. Often the secretions were scanty and they caused pain in passage. Nothing ever did me any good until I began taking Doan's Kidney Pills, which I got from Johnson's Drug Store. It didn't take them long to fix me up, the pains left and my kidneys again acted regularly."

OVER THREE YEARS LATER, Mr. Levi said: "I am glad to confirm my former endorsement of Doan's Kidney Pills for they have given me a permanent cure."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Levi had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

## 139TH. REGIMENT TO BE MOTORIZED

Over 100 Rush County Boys in Infirmary and Other Units Will be Affected

### RUMORS OF MOVE ARE HEARD

Infirmary Holds Kangaroo Court and Has Fun at Expense of Some of Men

The 139th Field Artillery, stationed at Camp Shelby, Miss., in which there are more than one hundred Rush county men, will be motorized. Both the infirmary of the regiment, which was formerly the sanitary detachment of the old Fourth Indiana, and the men who enlisted here in Company B of the old Fourth will be affected by the change.

The horses which had arrived at Camp Shelby for the 139th have been turned over to the quartermasters department. The infirmary, according to the present allowance list, will get one five-passenger touring car for Major Cary and staff, three ambulances, four motorcycles with side cars and two auto trucks. The motorcycles are to be used by the battalion surgeons and one is for the regimental chaplain. None of the motor equipment besides the motorcycles will be given the infirmary until they get "over there."

Incidentally, the men of the 139th feel certain that they are due for a move soon, according to advices received here. Nothing but rumors are the basis for this, but the men say in letters received here that the stories are very definite about a change going to take place. The battalion combat equipment is all marked and ready for a move at a moment's notice.

Rush county boys who are stationed at the various training camps through the country do not find time hanging heavy on them, so far as amusement is concerned. When they were first called into service, they saw immediately that most of their amusement would come from within their own units and began at once to make the best of soldiering.

The latest amusement development comes from the infirmary of the 139, Trials in the detachment court, which has been named Kangaroo court, has been the newest line of entertainment indulged in by the resourceful detachment.

The following account of the first session of the court:

Russell King and William Worth were found guilty of wearing wrist watches around their ankles, handkerchiefs up their sleeves and associating with the Mellins' Food Knitting Club Members who are: Joe Conrad, Gus Schrieche, James Walker, Clifford Gottman, Ozro Farthing and Leo King.

Judge, Frank J. Hall, George Hogsett; attorney for plaintiffs, John Campbell, John Hermansdorfer; attorney for defendants, Harley Prazier and Tom Offutt, Leo King and James Walker; prosecuting attorney, Albert Stevens, Ernest Mitchell; sheriff, Voorhees Cavitt, Fred Osborne; deputy sheriff, Will Spivey, Bob McNeely; witnesses—John Bell, (Scott Conde), Estell Glover, (Delta Hinchman), and Sgt. Craig, (Holly Hoek); jury: (Ed Cooming), Ike Epstein; (Forest Joyce), John Joyce; (Ozro Farthing) Jack Crush.

Russell King's fine was that he must carry water for the members of the Sanitary Detachment to wash in for one week and William Worth must keep wood for the stove in his tent for one week.

The tents of the infirmary have been named as follows:

"Camp Mellins Food Knitting Club"—Sgt. Gottman, Ozro Farthing, Gus Schrieche, James Walker, Joe Conrad.

"Camp Hard"—Sgt. Craig, Ed Cooming, William Worth, Russell King, Berlin Caldwell, Bob McNeely, Scott Conde.

"Camp Juliette"—Wilbur Spivey, Ernest Mitchell, Sam Gathman, Leo King, Forest Joyce, Marian Finney.

"Camp Lizzie's Lodge"—Sgt. McBride, Harry Green, Jerry Sullivan, George Hogsett, John Hermansdorfer, Errol Stoops, Fred Osborne.

"Bull and the Bear"—Sgt. Chipman, Raymond Benning, Clayton Dagler, Estell Glover, Lon Hayton, Thomas Foster (the Bull) and William Kellar (the Bear).

"Humane Society"—Tent occupied by the eight attached veterinary assistants.

## LIEUT. GARTIN SHOWS SOME IMPROVEMENT

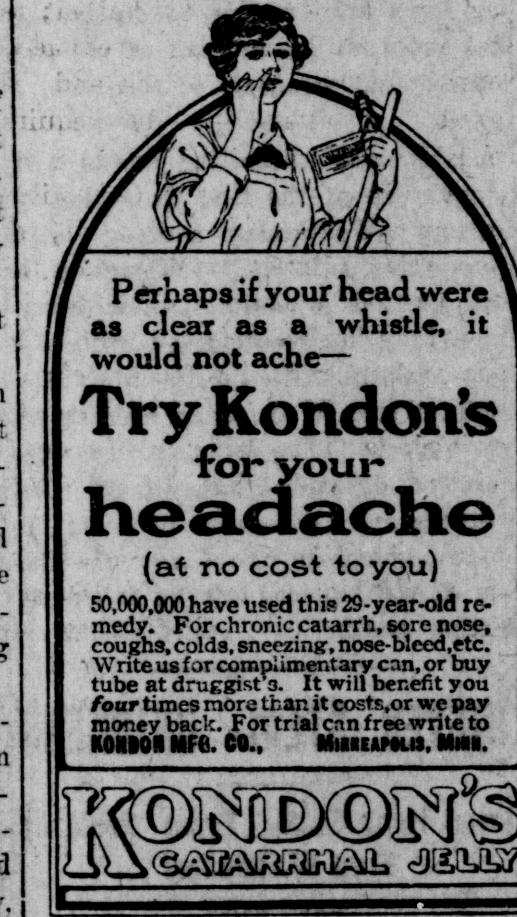

Word Received Today Regarding Condition of Local Boy Critically Ill With Pneumonia

### IN CAMP TAYLOR HOSPITAL

Lieutenant Walter Gartin, son of Mr. and Mrs. James W. Gartin north of the city who has been critically ill with pneumonia at the base hospital at Camp Taylor showed slight improvement today.

Lieut. Gartin has been in poor health for several weeks as the result of measles which he had during the epidemic at Camp Bowie when he was stationed there during the fall. Saturday evening Mr. and Mrs. Gartin received two telegrams from the hospital officials, telling of the critical illness of their son. They left immediately for Louisville and sent word home today to the effect that although he is in a critical condition, hope for his recovery has not been given up.

Lieut. Gartin was commissioned in the quartermaster department at the first training camp last summer and has been commanding a truck company at Camp Taylor since his return from Camp Bowie.

## SERVICE

1918  
Must Be a  
Year of  
SERVICE

The Keynote was struck by a young Aviator Instructor not long ago. When addressing his men he said:

"MEN, WE MUST REALIZE WHEN WE COME INTO THE SERVICE OF OUR COUNTRY THAT WE ARE NOT ONLY FIGHTING FOR FREEDOM, BUT FOR THAT OF HUMANITY AND RIGHTEOUSNESS."

Can there be any more splendid resolve, with this ideal in view, than that we stand—to a man—by our President and our Country until this war is won?

To Aid in the Successful Termination of this world war we must each of us help in every way we can. We should conduct our business affairs along conservative lines, that our Earnings and Profits may be available for every Need and Call of Our Country.

## Women Prepare

Thousands of women in Indiana have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely today. It can now be had in tablet form (60c a package) as well as liquid, and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription, for its ingredients are printed on wrapper. Send 10c for trial package tablets to Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y.

## OPERATION AVOIDED

LAFAYETTE, IND.—"Three years ago I was taken to the hospital—all arrangements made for an operation, but when the doctors were uncertain as to whether it was to be for appendicitis or woman's trouble I insisted upon being taken home until they were of one opinion as to my ailment. Then a friend told me what wonderful remedies Dr. Pierce's were, selling right from the drug shelves, and thought they might give me relief. I bought a bottle each of 'Favorite Prescription' and 'Golden Medical Discovery' and a box of 'Lotion Tablets.' These relieved me of a catarrhal condition, all abdominal pain, etc. But I took the medicines for almost a year to make sure of a complete recovery. Today I am in absolutely good health."—Mrs. U. S. CRITCHE, 414 Union St.

## CARD OF THANKS

We wish to thank the neighbors and friends who so kindly expressed their sympathy after the death of our husband and father and who sent the beautiful floral offerings.  
MRS. JOHN A. GORDON and FAMILY.

Honoring the birthday of Mrs. Dora Hilligoss, Mr. and Mrs. O. P. Wamsley entertained yesterday at the Scanlan House with an all day affair and pitch-in dinner at noon. For the service of the dinner, the table was prettily centered with a bouquet of carnations. Guests at the affair were Mr. and Mrs. Bert Osborne and son, John Robert, Mr. and Mrs. Hilligoss, Mr. and Mrs. O. M. Harton, and Mr. and Mrs. Charles Winship.

The meeting of the Ladies Aid Society of the Main Street Christian church which was to be held tomorrow afternoon has been postponed until Tuesday (February 5th). During the two weeks before the next meeting the members of the society are urged to spend as much time working at the Red Cross headquarters as possible because of the great demands which are being made on the society at this time.

Miss Mae Winslow daughter of Mr. and Mrs. Arthur Winslow and Owen Long of Camp Taylor, Louisville, son of L. S. Long of Arlington were married Saturday evening by the Rev. F. M. Westhafer at the Methodist parsonage in Arlington. The bridegroom who was home from the training camp on a short furlough, has returned to camp. Mrs. Long will reside with her parents until after the war.

The regular meeting of the Missionary society of the First Presbyterian church will be held Tuesday afternoon at the home of Mrs. Lon Link in North Perkins street. The assistant hostesses will be Mrs. John Meyers and Mrs. Bert Mullins. Officers for the year will be elected and a good attendance is desired.

The Bible Study class of the Epworth League will meet this evening at the home of Miss Kathryn Guffin at Fifth and Harrison streets. The class will begin at 7:30 o'clock. Assignments for the lesson are the third and fourth chapters of Matthew and Luke.

The home of Mr. and Mrs. Walter Easley in North Perkins street was the scene of a pleasant gathering last night when they entertained with a pitch-in supper. Covers were laid for twelve guests.

The cabinet of the Epworth League of St. Paul's M. E. church will meet tomorrow evening with Miss Hazel Stech at her home at 829 North Jackson street.

Miss Alma Green will entertain the members of the Psi Iota Xi sorority at her home in East Fifth street on Wednesday evening.

## HAS FREE WOOD

Mrs. Alice King of Circleville has notified the wood cutting committee of the Rushville fuel organization that there is timber on her farm south of the city which people needing fuel can cut and use for fuel if they desire to do so. Persons desiring to secure some of the timber can get into direct communication with Mrs. King by calling her residence.

## THEY GAVE HER VINOL AFTER SICKNESS

It Completely Restored Her Strength

Brooklyn, N. Y.—"Pneumonia left me weak and tired, with pains under my shoulder blades, a bad cough and no appetite. Five bottles of Vinol restored my strength and health. I gained in weight and my cough disappeared."—Mrs. B. Richter, 132 Menhan St., Brooklyn, N. Y.  
This is because Vinol is a constitutional, cod liver and iron remedy which creates an appetite, aids digestion, enriches the blood and in this natural manner restores health and strength. Formula on every bottle. Show it to your doctor. He knows.

## Red Cross Notes

A complete report of the membership committee of the Red Cross auxiliary in Washington township shows that the membership of that auxiliary has reached sixty-five percent of the townships population. At the time of the Christmas drive the township had reached the fifty percent mark which was set for the drive.

There will be an all day meeting of the Red Cross workers of the Pleasant Ridge vicinity at the home of Mrs. William Goddard Wednesday. The auxiliary chairman has issued an invitation to all of the women of the vicinity to attend the meeting whether they are members of the Red Cross or not and to assist in getting out the work which they have been unable to do during the past week on account of the extremely cold weather.

A shipment of knitted goods will be made up at the Red Cross headquarters Wednesday evening and shipped immediately. Women who have knitted goods at their home which they have completed are asked to send them to the headquarters not later than Wednesday evening at five o'clock. The officials are especially desirous that all of the sweaters and wristlets be sent on this shipment as from now on the time of the knitters will be taken up knitting socks.

## THIEVES STEAL CHICKENS

Eleven Hens Stolen From Home of Fred Walkendorf

Fred Walkendorf is looking for eleven perfectly good hens that have been stolen from his back porch. Mr. Walkendorf lives on the J. M. & I. railroad between 10th and 11th streets. One night recently he heard a thief among the chickens. By the time he reached the scene, the man had made his "get away" with the eleven chickens in a bag. Mr. Walkendorf followed him for several blocks but the man finally succeeded in escaping. The police have been informed and are on the look-out for the thief as well as the stolen chickens.

## FORMER RESIDENT DEAD

Word has been received here of the death of W. H. Morris, a former resident of this city, who died January 13 at the home of his son, Oliver Morris in Louisville, Ky., after a six weeks illness. Paralysis was given as the cause of death. Mr. Morris was 78 years of age and is survived by three sons and one daughter.

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

## HEATLESS MONDAY IS USHERED IN WITH COLDEST WEATHER YET

Government Thermometer Registers  
21 Below Sunday Morning,  
Which is Lowest in 34 Years

LOWEST WEEK AGO 20 BELOW

First Heatless Monday Results in  
Business Being at a Stand Still  
All Over County

FEW EXCEPTIONS TO RULE

Only One Car of Coal Arrives And is  
Sold Before Noon—Hope For  
More Fuel Tomorrow

The first heatless Monday was ushered in by the coldest weather in 34 years, which was the record the government weather thermometer showed for early Sunday morning. The mercury went to 21 degrees below zero, which was one degree colder than the temperature a week ago Saturday.

Heatless Monday closing resulted in paralyzing business here today and in every other town in the county, because reports reaching here were that the orders of the national fuel administration were being observed.

Though industries have been closed with a few exceptions in all states east of the Mississippi since last Friday, no improvement is noted in the fuel situation. The county fuel administrator, S. L. Trabue, is hopeful that coal will move much faster this week and that Rush county will receive enough fuel to meet the demands.

Harry Pea received the only car of coal to sell to consumers reaching here today and it was sold before noon. Dealers were confident, however, that they would receive coal tomorrow. A car for the Windsor hotel shipped last Wednesday reached here Saturday and a car shipped the same day for Gings reached there on Friday. This shows that coal is coming through faster than it did, but many cars shipped through the fuel administration many days before these have never reached Rushville. It is believed that they were confiscated enroute.

Every mercantile business in the county was closed today except food handling establishments and drug stores. Banks were also exempted. All business and professional offices were also closed except doctors and dentist. By a liberal interpretation of the Monday closing orders, candy kitchens and soda fountains were allowed to remain open, being regarded as food establishments.

Early Sunday morning the county weather observer's thermometer at Maury registered 21 degrees below zero, the lowest mark that has been reached in this locality for 34 years. The temperature of a week ago Saturday when the blizzard first struck the community came the nearest this but according to the records the thermometer in Rush county has not fallen so low since January, 1884. The biting wind and heavy snow that ushered in the blizzard made the temperatures seem much lower than that of yesterday when there was practically no wind and bright sun made the day a very pleasant one.

Fifteen below was the lowest point during the night. This morning at 9 o'clock the mercury had climbed 24 degrees within a very few hours and registered 9 degrees above zero. By noon it had risen even higher. The warmest time on Sunday came at about one o'clock when the mercury was about 15 degrees above zero. It is believed that the mercury will climb to 20 degrees above zero today.

Considering the conditions of the weather there was a great deal of coal that was sold today. It is believed that the fuel situation will improve.

Despite Closing Orders  
Coal Is Being Moved Only  
With Greatest Difficulty

Washington, Jan. 21.—Despite the order to close down the government is having a hard fight to keep coal moving. At all the northern and southern ports the unloading of vessels is continuing on a 24 hour schedule. It is now believed certain that drastic measures to continue coal movement after the present five days' suspension order ends tomorrow will be invoked. Officials state that priority orders now in effect will be continued, after tomorrow unless there is a marked rise in temperature through the East, making transportation easier.

ed in getting around although the roads in some places are still almost impassable.

A surprising number of persons "braved the elements" yesterday and attended the church service for the majority of them were very well attended. Most of the churches did not attempt to heat the large auditoriums, but held services in the Sunday school rooms, which were very well filled. A special plea had been made by the ministers for persons to attend church since the services had been very irregular in the past. The Christian Sunday school had the banner attendance there being 230 present at the morning meeting.

The mail trains are still running late. The postoffice authorities report that they are improving slightly although the trains are all late and the schedules are indefinite. A number of persons from over the county have called at the office for their mail during the last few days and have lightened the load of the rural route carriers.

The weather report today says cloudy and not quite so cold tonight with local snows tomorrow. The prediction for this section, issued from Washington and covering the whole week, says that fair and cold weather will be the rule the whole week.

## CHURCHES TO DECIDE ABOUT THEIR SERVICES

Meeting of Ministers and Three Laymen From Each Congregation Called For Tonight

DEFINITE PLANS TO BE MADE

The ministerial association has called a meeting for this evening at 7 o'clock in the sheriff's office at the court house for the ministers of the city, three laymen from each congregation in the city and any other men who are interested may attend. Final arrangement for church services during the cold weather will be made at the meeting. Because each of the churches had fuel and until further definite plans were made, all services were held in the churches yesterday.

The ministers wish to put it up before the laymen and get a general view before making a final decision as to what is the best thing to do concerning services during the fuel shortage and cold weather. Several suggestions have been made, and these will be brought up. The churches will no doubt continue some of their Sunday services, but just what ones will be omitted, if any, will be decided upon at the meeting.

The home of John Jones, north of the city, has been struck by a blizzard and the family is being kept in the house.

Bake Food In Base  
Burners And Also On  
Furnace When Gas Is Low

In view of the fuel conservation movement which is being felt in Rushville more strongly each day, Mrs. Sarah Guffin has discovered another manner of conservation, which has proved to be most efficient. Mrs. Guffin stated today that during the past week she has done all her baking in the magazine of the base burner, thus saving the added expense of keeping an extremely hot fire going in the cook stove.

Another woman with an inventive genius, baked escalloped oysters above the furnace not long ago. They were nicely baked and incidentally saved fuel.

## LIEUT. M'GUIRE IS ON HIS WAY TO FRANCE

Leaves Camp Morrison, Va. for Service Abroad, Having Been Commissioned 2 Months Ago

MRS. MCGUIRE RETURNS HERE

Lieut. Will McGuire who enlisted recently in the signal corps of the aviation department is at present on his way across the ocean to the aviation headquarters in France. Lieut. McGuire was commissioned just two months ago and since that time has been in training at Camp Morrison, Newport News, Va. His progress toward action in France has been more rapid than any other Rush county officer and is among the first Rush county men who have received commissions to be on the way to the scenes of war.

Mrs. McGuire, who will make her home with her parents Mr. and Mrs. A. T. Mahan during the time her husband is in service, returned this morning from Newport, where she was with her husband until he sailed.

Harry King, accomplice of John McCugh and alleged to have been his partner in committing the robbery at the home of Mr. and Mrs. Isaac Gross near Maury, was arrested late this afternoon at the Big Four station by Deputy Sheriff Spivey. King was on his way to his home in New Point after having been in Connersville since the robbery. The money, amounting to \$185, was found on the two boys.

John McCugh, 22, was arrested on a traction car going from Connersville to Indianapolis yesterday at Palestine by Deputy Sheriff Will Spivey and is being held on a charge of house breaking, being accused, together with his partner who has not been located, of taking \$185 from the home of Isaac Gross northeast of Maury on Saturday while Mr. and Mrs. Gross had gone to Glenwood. The money had been concealed in a tin can and was on top of the cupboard.

McCugh and his partner had been shucking corn on the McFarlan farm near Maury on which Mr. Gross is a tenant. When they first reached the farm, they could not find rooms to sleep in and Mrs. Gross gave them a place for several nights. Later they went to another farm house nearby to board. According to Mrs. Gross, only one person in the locality knew where she had kept the money. This person is not suspected but says he overheard a conversation between the two boys on the farm in which one wished they could leave town and said they would if they had the money. The other lad said, "I know where we can get it."

On Saturday when the farmer with whom the boys were staying started to Glenwood, he offered them a place in his buggy to ride. They refused, saying it was too cold to ride but that they would walk to the traction station and that the farmer could take their grips to the station. The boys started out but one of them came back saying he had left some collar buttons in his room. He was unable to find them apparently, and when the man asked him again to ride on to town with him, he stated that he had decided to go around by stop 32 instead to catch the car which was quite a distance out of his way.

In going to stop 32, he would go near the Gross' place. He had changed his grip to a stocking cap when he returned to the house and although Mrs. Gross saw him approaching her home, she did not recognize him with the different hat on. Shortly afterwards, Mr. and Mrs. Gross left for Glenwood.

On their return, they found the front door broken open. The interior of the house was in no way torn up and this fact makes them believe that someone who knew where the money was had taken it. Their backs in the snow, which led from the door around the house were in the direction of stop 32. McCugh has not confessed to the theft. He is being held at the county jail for trial. He came to this city from New Point, Mo. He has been billed for the robbery of Isaac Gross.

John McCugh and his partner were arrested on a traction car going from Connersville to Indianapolis yesterday at Palestine by Deputy Sheriff Will Spivey.

## IS THEIR DEFENSE

Charles Yeager and George Clark, on Trial For Robbing Carthage Store Say They Were Drunk

IN JAIL SINCE DEC. 12, 1917

Both Admit \$200 Worth of Merchandise Was Found in Their Room, But Don't Remember Theft

Charles Yeager, 34, and George Clark, 25, placed on trial today in circuit court for the theft of \$200 worth of merchandise from S. L. Newsom's store in Carthage early Monday morning, December 10, offered as their defense that they remembered nothing about the robbery. They admitted having the goods in their possession, in a trunk in their room, but both testified they drank a quart of whiskey the night before the robbery and that their memory was a blank regarding what they did between 11 p. m. Sunday, Dec. 9 and 5:30 a. m. Monday, Dec. 10.

Both testified to awakening that Monday morning and finding the goods, but did not return them when they learned Newsom's store had been robbed. They were not arrested until the following Wednesday evening on their return from a trip to Indianapolis.

Both men have been in jail here since that time. Clark has busied himself in jail painting signs and has showed himself proficient at the art. Both were reported to have admitted their guilt when arrested, but when the time for their trial came they entered pleas of not guilty.

The defendants are represented by Will Newbold and John F. Joyce, and Prosecutor Stevens is prosecuting the case. Mr. Newsom and Jasper Parish, Carthage Marshal, who arrested the men, were witnesses for the state and testified to finding the stolen goods from Newsom's store in the defendants' room.

Yeager, who testified he had a wife and three boys in Massachusetts, went on the witness stand this afternoon at 3 o'clock, Clark having testified before him. It is not probable the arguments will be made before tomorrow morning when the case will likely go to the jury. Yeager was night foreman at the Carthage straw board works and Clark was employed there. Both men came to Carthage Sept. 31, 1917, and went to work at the straw board works.

"This will probably be the last one I will ever make," said Clark, as he gave Sheriff Ezekiel Jones an artistic and elaborate calendar which he had painted for the sheriff the other day. Tears came to his eyes as he made the remark. Clark refused to tell Mr. Jones of his past life before he went to Carthage, but the work on the calendar shows that he is an artist and has had some experience.

"I don't know why we did it," he told the sheriff, "we both were making good money and I had never done anything of the kind before. I guess it was because we were drunk." More than this he will tell no one concerning his former experiences. He has taken quite a liking to the sheriff and not long ago asked him to bring a paint brush and card to him at the jail. The next time the sheriff dropped in, the card had been transformed into an artistic calendar bearing the words "Sheriff Ezekiel Jones, Rush County, 1918."

Clark was with pride that Mr. Jones accepted the gift and has hung it in his office in the court house. A similar calendar was painted for Will Spivey, deputy sheriff.

## CLAIMS OF 20 FARMERS ARE DENIED

District Army Board Rules in 56  
More Cases Refusing Deferred  
Classification to This Number

FIVE APPEALS ARE DENIED

One Does Not Determine Status Because Farmer Is Put in Class 3 on Agriculture

LOCAL BOARD AT WORK AGAIN

Physician Member Is Also Busy Today Examining Twenty Registrants For National Army

\*\*\*\*\*  
Names of the fifty-six registrants classified on agricultural claims and appeals by the district board and received here today will be found on page two of today's issue.  
\*\*\*\*\*

The district army appeal board has denied the claims of twenty more Rush county farmers who asked deferred classification under the selective draft regulations.

The county board today received rulings in fifty-six more Rush county cases from the district board after having received a report in ninety cases Saturday. Fourteen agricultural claims were denied in these bunch received Saturday making a total of 34 refused.

Five of the cases on which reports were made were appeals on dependency claims. All were denied and left in class one. But in one instance, that of Allen T. Blackledge, the registrant was put in class three on agriculture, which determines his status.

The Rush county army board was busily engaged again today classifying registrants after having rested Saturday when Voorhees Cavitt was out of the city. Dr. W. S. Coleman, physician member of the board, also was busy today as twenty registrants were given the physical examination. Twenty more are called for physical tests on Wednesday.

In addition to the twenty farmers placed in class one and four registrants who appealed on dependency claims and were put in class one, twenty were given deferred classification in two by the district board. Ten were also put in class three because of their agricultural claims. Two were placed in class four for the same reason.

## ELIZABETH BROOKBANK DIES SUNDAY NIGHT

Widow of James Brookbank Expires at Sister's Home After Illness of 2 Years With Paralysis

FUNERAL TUESDAY AT 2 P. M.

Mrs. Elizabeth Brookbank, 70, died last night shortly after eight o'clock at the home of her daughter Mrs. J. O. Orange, 118 East Main street, after an illness of paralysis which lasted two years. She was a native of Ohio and was married to James Brookbank, a veteran of the Civil war, who died a year ago.

One son, Eugene Brookbank, of Cincinnati, survived. She was survived by two daughters, Mrs. J. O. Orange of this city and Mrs. M. C. Cain of Vincennes. The funeral will be held Tuesday afternoon at 2 o'clock at the East Hill cemetery. Burial will be in the Brookbank family lot.

### Amusements

Four popular screen favorites have been engaged by Pathe for the production of a new serial which will be released under the title "The Hidden Hand." They are Doris Kenyon, who will be starred in the production, and Arline Pearty, Sheldon Lewis, and Mahlon Hamilton, who will be featured. The picture is to be seen here at the Gem Theatre Wednesday.

This is the first serial in which Miss Kenyon has appeared, but she has made a big screen name for herself in the features in which she has been starred by a number of prominent companies.

The persons who see "The Tattlerman," at the Princess Theatre tonight have the satisfaction of knowing when they see pictures of the surf-riders on the beach at Waikiki, that the pictures were actually made at Waikiki. This scene is probably the most interesting in the play to many persons in the average audience. The skillful riders whom we have read of ever since our Fifth Reader days, come to life on the screen and their dips and plunges into the mountainous waves of the Pacific are most thrilling and most satisfying.

A comedy starring Lew Fields and Madge Evans will also be shown at the Princess this evening. The film is "The Corner Grocery."

J. Warren Kerrigan, the new Paralta star, will make his first appearance in this city at the head of his own company at the Princess Theatre Wednesday and Thursday in a screen version of Peter B. Kyne's romantic love story, "A Man's Man."

## This Man Can Eat Anything

Has Gained Three Pounds Since Tanlac Put Stomach Back in Shape.

"For months my stomach was so out of order that I dreaded to eat," said William Harrison, salesman employed by the Merz-Cadle Sales Company, 448-450 North Capitol Avenue, Indianapolis, Ind.

"I always had such a burning feeling in my stomach after eating and I dreaded it," Mr. Harrison continued. "My stomach would get soured after eating, too, and a sour taste would come up in my mouth. It didn't make much difference what I ate, either. I always had the burning feeling in my stomach and the sour taste in my mouth afterward."

"It was getting thin and run down when I decided to try Tanlac. I was so discouraged that Tanlac started helping me right away and since taking the three bottles I don't have any trouble with my stomach at all. I can eat anything I want now and I feel like a new man. I have gained three pounds since I started taking Tanlac."

You ought to see this dude "snatch" or "through" these snow drifts over here. I'm out and gone every morning at 6:30 and have never had to get out of the car but one time. One of my chains came off and I had to get out and jack up the wheel in the snow, and put the chain back on. Nobody has ever touched the motor since I was last over there and all I have done is to give her oil, gas and water.

Battery is in good shape and I've never had one minute's trouble all winter. I'll say she's SOME good!

## WATER PIPES ARE CAUSING TROUBLE

Great Amount of Damage Results When Pipes Burst—Furniture in Homes Damaged

### PLUMBERS WORK OVERTIME

Most Damage Done Where Pipes in Bath Rooms and Other Upstairs Rooms Burst.

Many of Rushville's best homes have been badly damaged during the past week by the bursting of water pipes after they have frozen and begun to thaw. Wall paper has been ruined, plaster damaged, and in some cases hardwood floors have been taken up in order that the plumbers might reach the pipes that had burst. The plumbers have been working "overtime" ever since the blizzard started a week ago Friday but by their best efforts, they have been unable to answer all of the calls that have been made upon them for quick help.

The manager of one plumbing shop in the city where five men are employed stated this morning that they had been able to answer only about one-tenth of the calls that they had received during the last week. All of the plumbers say that they have worked night and day. Conditions are improving some now for a great deal of repairing has been done and with a higher temperature, there is much less danger of the pipes freezing even though fuel and gas is scarce in many of the homes. Until the last day or two, however, plumbers say that conditions have never been anything like they have during the last week.

Most damage, of course, has resulted in the homes where the pipes in the bathrooms or other upstairs rooms have burst. The outpour from the leak floods the upstairs and runs through the floors to the downstairs rooms. The leaks that spring downstairs cause less damage. Many pipe have frozen lately that have not burst when they thawed out.

Although most of the pipes have

## Oliver Chilled Plow Works

Indianapolis, Indiana, Jan. 19, 1919

Mr. John B. Morris,  
Rushville, Indiana.

Dear Sir:—No one can tell at this time what the situation is going to be in regard to making shipments later on in the season, nor can we tell whether or not we shall be able to get all the material necessary to furnish all of the parts required to take care of your requirements.

In order to protect you and your customers, as well as ourselves, to as great an extent as possible, we should like for you to see that your farmer customers order from you, and you from us, such repairs as may be necessary to put their tools, where they are to be repaired, in first class condition, ready for use; also sadles and other parts that will be needed from time to time during the plowing, seeding and cultivating season.

Very truly yours,

OLIVER CHILLED PLOW WORKS  
C. F. ROGERS, Manager

The above letter has been received by me direct from the manager of the Oliver Chilled Plow Works, and explains very thoroughly the present situation. Your orders are solicited.

### To Stimulate Production

To stimulate greater production of  
food crops, a patriotic farm census  
of Indiana is being taken under the  
direction of the Indiana State Council  
of Defense.

This is supplementary to the seed  
corn survey and has more far-  
reaching significance. Its purpose,  
in addition to encouraging greater  
food production, is to inform the  
federal government of the resources  
of the state which may be available  
in war's extremity. Incidentally the  
needs of the farmer will be ascer-  
tained both as to seed and labor and  
thereby the opportunity for helping  
him may be created.

Blanks for the census are now in  
the course of preparation. These, in  
a measure, resemble the reports of  
tax assessors. This census, how-  
ever, should not be confused with a  
tax assessment nor in any way con-  
sidered to have any bearing upon fix-  
ing taxable values.

The data included will cover acre-  
age in farms and in cultivation; to-  
tal production for 1918; seed need-  
ed and on hand; livestock and its  
grazing; labor and probable require-  
ments.

The food production committee  
of the State Council of Defense, un-  
der whose direct supervision this  
census will be taken appreciates the  
magnitude of its task. It will enlist  
county councils of defense, county  
agricultural agents and all patriotic  
citizens in the work. It will cover  
the entire state and will be very  
comprehensive.

In connection with the census the  
Indiana State Council of Defense  
urges that it be made clear to all  
farmers: (1) this census will not in-  
crease the taxes of the farmers; (2)  
it will not decrease prices for farm  
products, nor have any bearing upon  
the same; (3) it will in no sense im-  
ply confiscation by the government.

### To Eliminate Sunday Work

Indiana grocers and bakers  
through their state-wide organiza-  
tion will be asked to undertake a  
program of voluntary co-operation  
among their members intended to re-  
gulate and shorten hours of business  
and particularly for closing entirely  
on Sunday.

The proposition will be presented  
to them through representatives of  
Dr. Harry E. Barnard, federal food  
administrator for Indiana, who sees  
in it a means of economy that will  
further enable the retailers of food  
stuff to reduce prices without lessen-  
ing their margin of profit.

The spirit of willingness to co-  
operate in the food administration  
program as exemplified in the organ-  
ization meetings already held in the  
state, has led Dr. Barnard to believe  
that the business effected will be  
prompt to recognize this further op-  
portunity to be of service both to  
themselves and to the general public.

### Save German Culture

the German culture.

## INCREASED RATES ARE GRANTED TO I. & C.

Public Service Commission Allows  
Interurban Company to Charge  
24 Cents a Mile

### IS EFFECTIVE WEDNESDAY

Beginning Wednesday the In-  
dianapolis & Cincinnati Traction  
company will charge two and a half  
cents a mile passenger fare. The  
Public Service Commission granted  
a temporary increase of a half cent  
a mile late Saturday, as was pre-  
dicted would be done in a dispatch  
from Indianapolis to the Daily Re-  
publican Saturday.

The order is temporary and the I.  
& C. is required to report quarterly  
on the financial condition of the  
road. In its petition for an increase  
the interurban company showed that  
it faced a big deficit for 1918.

Summary of the findings of the  
commission shows that there will be  
a reduction of 5 per cent for round-  
trip tickets, and the issuance of  
commutation books containing 2,000  
1-cent coupons, which shall sell for  
\$17.50, and the coupons shall be ac-  
cepted at face value for passenger  
fares.

In granting the increase the Pub-  
lic Service Commission issued the  
statement that under no conditions  
would the Public Service Commis-  
sion permit the war to be capitalized  
by public utilities or permit the util-  
ities to use this decision as a prece-  
dent or a cloak under which they  
would be enabled to secure larger  
returns than those to which they are  
justly entitled.

### FAIRVIEW GAME WEDNESDAY

The basket ball game between the  
Fairview Athletic team and the Em-  
Roes, state basket ball champions  
will be staged Wednesday evening in  
the Fairview gym. The game was to  
be played two weeks ago but was  
postponed on account of the illness  
of one of the players. Ross Smith  
of Indianapolis, who has refereed  
most of the local basket ball games  
of the high school, will referee.

German culture. A general bulle-  
tin has been sent to every county  
council requesting very urgently that  
prompt action be taken on this mat-  
ter that may have the insidious poi-  
son, the presence of which has not  
been heretofore suspected, may be  
removed completely even though  
drastic action may be necessary to  
accomplish that end.

Prince Max of Baden says that  
Germany's sword alone can never  
bring victory. We don't understand  
that she is relying on her sword  
alone. We have been under the im-  
pression that hell had furnished her  
many weapons infinitely more dan-  
gerous than the sword.

That the German crown prince at  
least deserves commendation for the  
gracefulness with which he takes de-  
feat.

### DOUBLY PROVEN

Rushville Readers Can no Longer  
Doubt The Evidence

This Rushville citizen testified  
long ago

"I got quick relief of undoubt-  
ed benefit"

The facts are now confirmed.  
Such testimony is complete—the  
evidence conclusive.

It forms convincing proof of  
merit.

Harrison Levi, 931 N. Sexton St.,  
says: "I used to have to get up six  
or seven times each night on account  
of the two frequent passages of the  
kidney secretions. Often the secre-  
tions were scanty and they caused  
pain in passage. Nothing ever did  
me any good until I began taking  
Doan's Kidney Pills, which I got  
from Johnson Drug Store. It didn't  
take them long to fix me and the  
painful and my kidney action  
acted regularly."

## Effective Horse Power

Perhaps you don't know that your horse is  
losing a large per cent of his power through  
poor harness. It's a fact though. Broken  
harness often causes runaways, and they  
often result fatally to the driver or animal.  
We have employed BOB WILLIAMSON,  
who is an expert harness man in every  
respect and can take care of any kind of re-  
pairing on your harness that is necessary.  
Harness is going to be higher and we would  
advise you to bring in your old harness and  
have it repaired and oiled at once.

# Women Prepare

Thousands of women in Indiana have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, is still most widely today. It can now be had in tablet form (60c a package) as well as liquid, and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription, for its ingredients are printed on wrapper. Send 10c for trial package tablets to Dr. V. M. Pierce, Invalids' Hotel, Buffalo, N. Y.

## OPERATION AVOIDED

LAFAYETTE, Ind.—Three years ago I was taken to the hospital—all arrangements made for an operation, but when the doctors were uncertain as to whether it was to be for appendicitis or woman's trouble I insisted upon being taken home until they were of one opinion as to my ailment. Then a friend told me what wonderful remedies Dr. Pierce's were, selling right from the drug shelves, and thought they might give me relief. I bought a bottle each of "Favorite Prescription" and "Golden Medical Discovery" and a box of "Lotion Tablets." These relieved me of a catarrhal condition, all abdominal pain, etc. But I took the medicines for almost a year to make sure of a complete recovery. Today I am in absolutely good health."—Mrs. U. S. CHERRY, 414 Union St.

# Society

Honoring the birthday of Mrs. Dora Hilligoss, Mr. and Mrs. O. P. Wamsley entertained, yesterday at the Scanlan House with an all day affair and pitch-in dinner at noon. For the service of the dinner, the table was prettily centered with a bouquet of carnations. Guests at the affair were Mr. and Mrs. Bert Osborne and son, John Robert; Mr. and Mrs. Hilligoss, Mr. and Mrs. O. M. Harton, and Mr. and Mrs. Charles Winship.

The meeting of the Ladies Aid Society of the Main Street Christian church which was to be held tomorrow afternoon has been postponed until Tuesday (February 26). During the two weeks before the next meeting the members of the society are urged to spend as much time working at the Red Cross headquarters as possible because of the great demands which are being made on the society at this time.

Miss Mae Winslow daughter of Mr. and Mrs. Arthur Winslow and Owen Long of Camp Taylor, Louisville, son of L. S. Long of Arlington were married Saturday evening by the Rev. F. M. Westhafer at the Methodist parsonage in Arlington. The bridegroom who was home from the training camp on a short furlough, has returned to camp. Mrs. Long will reside with her parents until after the war.

The regular meeting of the Missionary society of the First Presbyterian church will be held Tuesday afternoon at the home of Mrs. Lon Link in North Perkins street. The assistant hostesses will be Mrs. John Meyers and Mrs. Bert Mullins. Officers for the year will be elected and a good attendance is desired.

The Bible Study class of the Epworth League will meet this evening at the home of Miss Kathryn Guffin at Fifth and Harrison streets. The class will begin at 7:30 o'clock. Assignments for the lesson are the third and fourth chapters of Matthew and Luke.

The home of Mr. and Mrs. Walter Basley in North Perkins street was the scene of a pleasant gathering last night when they entertained with a pitch-in supper. Covers were laid for twelve guests.

The cabinet of the Epworth League of St. Paul's M. E. church will meet tomorrow evening with Miss Hazel Stech at her home at 829 North Jackson street.

Miss Alma Green will entertain the members of the Psi Chi sorority at her home in East Fifth street on Wednesday evening.

## HAS FREE WOOD

Mrs. Alice King of Circleville has notified the wood cutting committee of the Rushville fuel organization that there is timber on her farm south of the city which people needing fuel can cut and use for fuel if they desire to do so. ## Red Cross Notes

A complete report of the membership committee of the Red Cross auxiliary in Washington township shows that the membership of that auxiliary has reached sixty-five percent of the townships population. At the time of the Christmas drive the township had reached the fifty percent mark which was set for the drive.

There will be an all day meeting of the Red Cross workers of the Pleasant Ridge vicinity at the home of Mrs. William Goddard Wednesday. The auxiliary chairman has issued an invitation to all of the women of the vicinity to attend the meeting whether they are members of the Red Cross or not and to assist in getting out the work which they have been unable to do during the past week on account of the extremely cold weather.

A shipment of knitted goods will be made up at the Red Cross headquarters Wednesday evening and shipped immediately. Women who have knitted goods at their home which they have completed are asked to send them to the headquarters not later than Wednesday evening at five o'clock. The officials are especially desirous that all of the sweaters and wristlets be sent on this shipment as from now on the time of the knitters will be taken up knitting socks.

## THIEVES STEAL CHICKENS

Eleven Hens Stolen From Home of Fred Walkendorf

Fred Walkendorf is looking for eleven perfectly good hens that have been stolen from his back porch. Mr. Walkendorf lives on the J. M. & L. railroad between 10th and 11th streets. One night recently he heard a thud among the chickens. By the time he reached the scene, the man had made his "get away" with the eleven chickens in a bag. Mr. Walkendorf followed him for several blocks but the man finally succeeded in escaping. The police have been informed and are on the look-out for the thief as well as the stolen chickens.

# HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.
